**NOTES:** We purchased Dutch two years ago for my 8 year old daughter to ride and learn on. She decided to be a speedster now and would like to pass Dutch on to another young rider. He is super gentle - he was shown by an elderly woman before we purchased him. He is an easy keeper for 15, stands at the block to mount and dismount. Goes in any direction you point him. Dutch is as at home in the arena showing as he is on the trail or pasture. He will climb or cross any trail. He will be a steady hand for any young or old rider whether ridden daily or has days or months off. Dutch will shine for your youngster/newbie in the arena, or on the trail. 15.1 hds. (417) 848-5755

**NOTES:** Hobbs is a 14.3 HH 4-year-old gelding with a very gentle disposition and big work ethic. He has been used extensively in the feedlot, for doctoring cattle in the pasture, and catching cows. He is soft-mouthed, responsive, and lopes nice, correct circles. Home-raised by my dad, Todd Masters, Hobbs was started the right way and understands a hard day's work. I started breakaway roping on him this summer. He stands like a statue in the box naturally and shows a lot of cow sense and rate. He is also started in the heading and heeling. Hobbs has full siblings that are proving to be nice, competitive rope horses. Hobbs is shaping up to be a very solid rope horse. (402) 575-8948
